

The **New** Business Card Cutter from **Kitco**

Eliminate costly outsourcing of business card production - business can now be printed on a laser printer or copier and trimmed in-house

- ▶ Cut 8 or 10 standard size business cards per page
- ▶ Quick and easy push button operation
- ▶ Easy set-up and adjustment
- ▶ 4 Digit LED Control Panel – counts cards produced up or down
- ▶ Self-sharpening blades
- ▶ Compact design and quiet operation make it ideal for corporate environments
- ▶ Self-correcting register cut-lines ensure accurate cuts every time
- ▶ Safety access cover—machine will not operate with cover in open position
- ▶ Optional perforator, and scorer attachments

Cutting Specification

55 x 85mm (S-10)

55 x 85mm (D-10)

55 x 85mm (D-8)

51 x 85mm (D-10)

50 x 85mm (D-10)

Paper cutting weights -110 - 300g/m² (0.15 to 0.25mm) *1

Cutting Speed 10 sheets/min.

Stacking capacity of Paper Feed tray 50 sheets (In case of sheet thickness of 0.2mm)

Counter Addition or preset subtraction is selective

Machine Specification

Dimensions 585(W) x 428(D) x 325(H) mm (23.0" x 16.9" x 12.8")

Net weight 21.0Kg (46.3 lbs)

Voltage 220-240V AC 50/60Hz or 100-120V AC 50/60Hz

Power consumptions 32W/0.44Amp (220-240V machine), 27W/0.4Amp (100-120V machine)

Error detection Paper jam, cut mark detection error, no slitter unit, top cover is open and no waste box

Optional Unit Slitter unit, perfection unit, scoring unit

Safety standards CE (European version) or UL (US version)

Cutting accuracy ±0.1 mm (Single cut), ±0.18 mm (Double cut) in paper feed direction

Specifications

*1 Applicable paper thickness maybe affected by poor grain of paper paper .

• Specifications are subject to change without no ticc.

• Refer to new layout patterns on back side.
